## **From Secretary's Desk ...**

The year 2009-10 was eventful and full of energetic engagement with the projects and management. It gives me immense pleasure to share the report of this year with all of you and also extend my heartfelt thanks to all of you for your valuable input in enabling us to serve better in last 12 years - an era of effort, struggle, challenge, excitement, achievement and aspiration...

This year Claina added one more feather to its credibility cap as an organization being accredited to the Credibility Alliance. The management of Claina took another step towards professionalism by forming a finance management committee which was precedent by a thorough finance management study conducted by Mr Kandasamy and Associates from Chennai with the support of Cordaid. It was a great learning experience! The extension of project on rights of children with the support of **SCBRB** in Kandhamal has not only given the opportunity to work with the children but also to widen our understanding of the issue on '**Social Exclusion**'. The capacity building of children on photography was a wonderful activity under the project which was resulted in gaining confidence of children to capture the issue of exclusion at Village and School level. Children were in their ecstatic mood!!

The CBR and Inclusion activities had been the core activities of Claina all these years. In the field of Kamakshya nagar the LSIP (large scale interactive process) was one of the remarkable activities that provided scope to interact with more than 200 people and other stakeholders at a time, to know their view and also to involve them in the planning process. This year we also conducted the course on Basic management of disability and CBR centrally for the practitioners and volunteers. The Access audit study held in 10 districts and its sharing with Govt opened up many grey areas to be addressed. The workshop on Accessibility for all was an eye opener to look into the accessibility issue from other practical perspective. A consultation with the DPOs in Odisha called by Claina helped to promote a network of disabled people in Odisha named **ODPN**. The other achievement is coordination of **PRACHI** – a cooperative of products made by persons with disability, got inaugurated by the Minister Women and CD at Ekamra Haat, Bhubaneswar. The International Conference on the issue of Women with Disability and MDG added knowledge of the plight of disabled women and also different leaders working on this issue. It was also a great opportunity to share Claina's activity and stand on the issue at international forum.

Claina took the responsibility of managing part of the national budget of WECAN campaign which was a huge management experience for the finance dept people at Claina. Apart from the management the implementation of the campaign this year was intense and challenging. A small piece of work with the Muslim and Dalit women added experience of exclusion and extent of discrimination against caste and religion that exist in our society. I extend my heartfelt thanks to the members, staff, well wishers, partners and the stakeholders for their relentless support in taking Claina ahead. Expecting the cooperation from all of you in future in our journey forward...

## THE ORGANIZATION

### BACKGROUND

Daina which literally means 'Mirror', is a voluntary organization, operational in the state of Odisha, India since 1998. The organization was conceived as an effort of few socially sensitive people who came from different backgrounds, charged with the vision of working with the vulnerable sections of the society and address issues giving rise to such vulnerabilities. In this context the persons with disability, children and women became the focal point of various operations of the organization. Daina has been working extensively in the state covering rural and tribal population at one end and the professionals, administrative agencies, Govt. officials and legislator at the other end. Since disability has been the major focus, right from its inception, Daina has concentrated its energies and resources for the upliftment of the persons with disability, of making them self-sufficient and above all raising their morale, of making them realize of their hidden potentialities and standing by their side to show them the path of esteem and dignity.

With a backdrop of eleven successful years behind it, Daina today is recognized as one of the front ranking Organizations of Odisha working in the field of disability. Its sincerity, accomplishment and experience are well marked out by others and this is probably the reason why Daina has been consistently accessed by different agencies for partnership, alliance, orientation and training.

Another strength of the organization lies in its adaptability and visualization of cross cutting issues. The members of the organization firmly believe that addressing issues in isolation never produces the desired change. Holistic view, community confidence and inclusion are the basic premise on which all the programs are designed and developed. Judging by this strength of Daina , the state govt. chose it to be the nodal agency for "Mission Kshyamata". "Mission Kshyamata" is the state govt. initiative to empower the persons with disability in Odisha. As a preliminary step the formation of SHGs of persons with disability by various voluntary organizations was coordinated by Daina .

Today the organization has deep rooted understanding and experience in various fields like Community Based Rehabilitation, with special focus on women and children, micro-credit, Promoting and strengthening peoples organization, child rights etc.

### VISION

Daina strives to see a world of identity, dignity and rightful provisioning for the underprivileged people, specially women, children and persons with disability, adopting creative pursuits and need salient strategies as major means.

## MISSION

To dedicate itself as a facilitator of social development through participatory process of awareness generation, advocacy and need based intervention with due emphasis on the vulnerability of persons with disability, persons in special difficulty due to natural and/or man made calamity, women and children subjected to discrimination and neglect, people deprived of social justice and human rights and those living under abject poverty.

## GOAL

Caina not only dreams of achieving a barrier free community for women, children & people with disability, but it also dreams of a dignified, self-sufficient and respectable life for the disadvantaged, irrespective of their laggings. It dreams of a society which is free from all stigma for women children and persons with disability and people realize the potentiality of each individual and take an inclusive approach towards development. It dreams of a world which is barrier free, compassionate and understanding towards the most vulnerable and neglected mass on earth. It dreams of a future that is safeand inclusive in nature for them. A present, that is full of opportunities and scope for participation in every sphere of their life.

## PHILOSOPHY OF Caina

Caina has always believed in the philosophy of people's participation and INCLUSION. It is not only important for Caina to work with the people at the local level but also to ensure Inclusion at different level. It does not believe in working as an outsider rather it has tried to make itself one among the many so that people tend to identify themselves more easily with it and feel the issues raised are their issue than Caina's issues.

## PRINCIPLES

People's participation in all community works

Gender equality

Citizenship rights and governance of the children & target group.

## LEGAL ENTITY

- Registered under Societies Registration Act of 1860
- Registered under Foreign Contribution Regulation Act of 1976
- Registered under section 12A of Income Tax Act having permanent account number.
- Registered under 80G of Income Tax Act
- Registered under National Trust Act
- Recognized by Dept. of W & CD, Govt of Odisha under PWD Act.

## TARGET GROUPS

Women, Children & People with disability with special focus on women and children

## STRATEGY

*Daina* work with the different stakeholder of the community to get the problems internalized and inclusive. Different stakeholders are : Women, children, and persons with disability, PRI (Panchayat Raj Institution) members, poverty alleviation schemes, local administration, teachers, parents, ICDS (integrated child development scheme) workers, health workers, civil society organizations and different statutory bodies like JJ Board, CWC as per the JJ Act (Juvenile Justice Act) etc.

Empowerment of People with disability with special emphasis on the status enhancement of women Involvement of community in the decision making process.

Formation of self-help groups of Persons with disability to help them integrate into the mainframe of society. The intention of it is also to help them become economically independent. Formation of children clubs and child protection committee in the village Collaborating and coordinating approaches with the district administration, community based organization, like-minded NGOs and other resource agencies for proper implementation of various activities.

Ensuring schemes and benefits and entitlements for the target group.

## AREA OF OPERATION

- 6 blocks of Ganjam district
- 1 block of Cuttack district
- 1 block of Dhenkanal district

# **COMMUNITY BASED REHABILITATION**

## COMMUNITY BASED REHABILITATION

### INCLUSION-A STEP AHEAD – *In 30 villages of Dharakote Block, Ganjam.*

Depending on the status of PWDs rehabilitation plan has drawn involving the community people of Dharakote block, Ganjam district. After 5 years of intervention in 30 villages of a particular block some significant changes has brought in the attitude & approach of people towards PWDs and related issues. To certain extent it increases their confidence level not only participating in block level meetings, maintaining SHG records, preparing IRP but also involving them in decision making processes for many developmental work.

### TRAINING TO YOUTH VOLUNTEERS

To develop basic understanding on rehabilitation and disability management youth volunteers of 30 villages of the project area have been trained. Now they are proactive in their respective villages and helping the parents of the child with disability in disability management and availing various schemes and benefits.

### FORMATION OF CHILDREN DEVELOPMENT FUNDS

For the congenial functioning of the children, children group has been formed and for their sustainability and support children in need, children development fund has created. The idea was to pool a corpus fund that can be utilized for the children whose parents can not afford.

## LEADERSHIP TRAINING

For empowerment and self governance regular meeting has been organized for Block Level Disable Committee members and training programs for the SHG leaders. As a result BLDC has taken the initiative to file 40 PWDs application forms in the block office to avail the schemes under Madhu Babu Pension Yojana.

## INTEGRATED SPORTS

To create an inclusive atmosphere within the community integrated sports had been adopted as a strategy to encourage the CWDs to participate and enjoy. They are also being awarded in different special programs i.e. World Disability Day for their excellent performance.

## PROJECT SATYABHAMA, AWHAAN

### AWARENESS GENERATION

Project Satyabhama, a CBR project of Dhenkanal district operates in 70 villages and 1 NAC of Kamakshya Nagar block. It aims at mainstreaming the PWDs and CWDs in the forefront of the society and work on right based approach through inclusive process. The first step taken to achieve this goal was to aware the community people and various service providers' on disability issue and its implications. Total 82 community meetings were organized to sensitize the PWDs and community members regarding existing schemes and facility for the PWDs and to have a realization about the right of the PWDs and accept the fact that they can also be productive and live with dignity.

## PEER GROUP SENSITIZATION

In 30 schools of Kamakhyanagar peer group sensitization programs were conducted for the children to aware them about the problems of the CWDs and their role and responsibility as a friend . Apart from that children were also oriented on child rights and child friendly space (CFS).

As a result they are now playing with the CWDs, encourage them to be a part of the children club and take part in school activities and also motivating the parents to enroll their dropout children. Total 632 nos of children were covered by this initiative. They have also formed 40 inclusive children clubs where issues of children are being discussed & solved in case of any problem.

## TEACHER'S TRAINING

Covering 120 teachers in 7 GP level, sensitization programs were organized for the teachers on basic management of CWSN in classroom, Inclusive Education, disability and development, UNCRC, UNCRPD, PWD act and facility available for the CWSN. Apart from that practical demonstration was also being provided by the Special Educators of the Project about the management of the CWSN in the classroom.

## ORIENTATION PROGRAMS

To orient the parents on disability and development issues 8 Parents training programme were organized at GP for 413 nos of parents. They were oriented on various Govt. facilities available for the CWDs for their economic sustainability along with UNCRC and PWD Act-1995 to know precisely about their rights. Similarly, sensitization programs were conducted with the members of PRI and ICDS workers to involve them for the betterment

of the PWDs and the CWDs. ICDS workers are mostly closed to the children under 0-6 years and orientation was conducted for them focusing on pre-natal, anti-natal care, and causes of disability, Inclusive education, joyful learning and facility available for the CWDs and handling of CWDs in Anganwadi centres.

### **FORMATION OF RESOURCE CENTER**

Establishment of Inclusive Resource center was a unique concept of Claina to operate in community level. It was an eye opener towards changing the life of the CWDs and the attitude of the community people. So in the project area 6 Resource centers have established in different localities considering

the no of CWD in a village. For sustainability of this centre the community people were involved since its beginning and all the centers are managed by a Managing committee comprising of PRI member, ICDS worker, Youth member, Teacher, Parents and the local NGO. One teacher has been appointed for each Resource center and he/she is being guided/trained by the Special Educator of the Project regularly for the identification and development of the CWD. The centre was equipped with low cost and no cost TLM prepared by the staff and also various teaching/ learning material for the development of the children are available.

### **LARGE SCALE INTERACTIVE PROCESS**

The Large Scale Interactive Process was organized at Kalyan Mandap of Kamakshya Nagar for 3days from 12<sup>th</sup> to 14<sup>th</sup> of October '09. There were around 200 numbers of participants attended the program The Sub-collector, BDO, DI, BRCC, Medical Officer, CDPO, Media and PRI members were

invited as guest. On the 1<sup>st</sup> day of program the discussion on the status of the PWDs and the problem faced by them and also the attitude of the different stakeholders towards them took place. On 2<sup>nd</sup> day all the participants chalked out their problems and prioritize them according to Health, Education, Social and Economic issues and presented the strategies to achieve the goals for the development of PWDs. On 3<sup>rd</sup> day there was a visioning exercise for all the participant regarding the changed status of the PWDs and the roles and responsibility of various stakeholders.

### **STREET PLAY**

During the month of December 2009, 30 nos of street play “**Nua Sakalara Nua Suruja**” were organized in the operational 70 village on “Inclusion” of children. The theme was developed by the children group and performed by the staff and volunteers of the project including children. Street play as one of the strategy adopted for mass communication to generate awareness among the people. The people from the community welcomed this approach of the members involved and accepted it whole heartedly and extended their support to make it a success. The street play created a space for discussion among the audience with the participants about the myths and beliefs existed in their mind related to the CWDs and also many valuable suggestions came out of the debate.

### **SCHOOL WITHIN RURAL COMMUNITY**

#### **AMO VIDYALAYA**

Amo Vidyalaya the integrated special school to work for children with disability has completed its 11<sup>th</sup> year at Barang, Cuttack- an area which had ample number of persons with disability owing to some or the other reason. From the inception it was started

with the concept of integrated education and community rehabilitation of the children with disability. The school caters to children with all kinds of disability for their physical rehabilitation, social skill improvement, and academic development, vocational and creative competency.

Claina advocates Inclusive Education and many of its children have been mainstreamed in general schools and this year it reaches to 5nos. Many other innovative activities like inclusive sports, cultural program, rallies, parade are conducted to foster inclusion beyond the school campuses. Apart from these many other activities also took place for the sensitization of the community towards this inclusive process like:-

- **Community Awareness Program**
- **Parents Meeting**
- **Vocational Training**

**ADDRESSING SOCIAL EXCLUSION**

## ADDRESSING SOCIAL EXCLUSION

### PROJECT MIDANGANARI REHA-*Stronger Voice of Socially Excluded Children*

Children and Women are the key areas of the organization since its inception. Creating a space for the children to participate and make their voices strong, Claina started its intervention in 30 villages of GUDayagiri Block consisting of 4 GPs and one NAC of Kandhamal district with active support of SC, BRB for the children that are socially excluded. This was the second phase of the intervention after the communal riots where the children and the women are the most affected one and mainstreaming these groups was the need of the hour and priority was given in that respect.

### FORMATION AND STRENGTHEN CHILDREN GROUPS

Meeting with children group is a continuous process of the project. Children were oriented on exclusion mapping, CFS, UNCRC and their right to participate in village and school with focus on the excluded children. Total 34 children Clubs were formed at the School and village level and regular interventions were taken place for making the voices of the children stronger. The leaders of the Children groups were contacted for collection of materials for the children's magazine "**Amo Swora**". There is also a block and district level child federation to take up the issues of children in larger platforms. To guide the children in this endeavour child protection committee (cpc) by adults has been formed in the community and they seat regularly to ensure the rights of children and work for their protection and development

## NETWORK WITH MEDIA HOUSE

To sensitize the media on social exclusion and child rights issues a workshop was conducted at Kandhamal. The media persons were sensitized about their role to mainstream the socially excluded and also partnering in voicing the concern of children and situation related to the child rights. The motive behind the meet was also bringing in all the journalists of the district level together to promote a child friendly media environment in the district. Mr Sisir Pattnaik was the person concern to facilitate the initiative at the district level by discussing the issue in district level forum.

## CHILD RIGHTS WEEK CELEBRATION

Child rights week was celebrated in a grand way from 14<sup>th</sup> to 20<sup>th</sup> of November 2009 at project area. During this week different competitions i.e. essay, debate, fancy dress, group song, drawing & group game were organized for children in different schools and were followed by the final event organized on 20<sup>th</sup> of November at Hatisala UPS where 186 children had participated.

## OBSERVATION OF WORLD DISABILITY DAY

On the occasion of International Disability Day 2009, Claina in GUdaygiri Block organized a mini marathon where 150 children had participated. The marathon started from Hatisala UP School, covering entire town and end up at the same school campus after 1 hour. The objective was to create mass awareness on the importance of this day and about the rights of the PWDs.

## CHILD JOURNALISTS

To explore and highlight the issues of social exclusion by the children, a 4days State level TOT program was organized to develop IEC materials on social exclusion issues. 5 child participants from each SCF partner organisations had attended the training programme.

The main objective of the training was to enhance the skill of children on photo journalism to document the issues of their area. After the TOT the children were assigned to take up the issues of their own area and bring it to the knowledge of the social forum through photographs. The training was further imparted to the child group members in the operational area and as a follow up activity all the children representative with one media Volunteer visited some villages of the area and captured some specific photographs on social exclusion. Further the photographs were shared with the local news correspondence and documented.

### **COMMUNITY THEATER**

To aware the people on the rights of the children, a street play team was formed including the children group members, staff and local drama director. The children were trained to develop the theme of the street play based on their local issue and how to perform in community level. After completion of orientation and practice, 15 street plays were organized by 10 children group members on the issue of child labour and drop out of girl children from school.

### **EMPOWERMENT OF DALITS & MUSLIMS**

The status of Dalits and Muslim women is a cause of great concern. To provide equal Participation and opportunity to Dalits & Muslims social groups and to ensure their participation in different decision making process are the issues taken up by IPAP Action aid project. These socially excluded groups are always deprived of their basic human rights and through series of right based advocacy initiatives steps has been taken to eliminate the marginalization of such group.

## **FORMATION OF DALIT & MINORITY MUNCH AND MAHASANGHA**

To provide a platform to the dalits and minority groups to get their rights through lobby and advocacy, block level Dalit munch was formed. The objective behind the munch was to organize them in a large mass and build up pressure before the govt. to get their rights. A proper structure was developed for the munch electing President, Secretary and Treasurer and orientation was given on the schemes and facilities available for the excluded group. Village wise challenges and problems were also discussed by the members along with the POA act. Similarly Dalit Mahasangh was formed at village level, to help these community members to discuss their issues and advocate for their rights. PRI members were also sensitized about dalit & muslim rights and various services available for them at Govt. level.

## **TEACHERS TRAINING ON DISABILITY AND DALIT ISSUES**

To orient the teachers on Dalit and disability issues and bring attitudinal change in institutional areas for the development of marginalized groups different programs/trainings were conducted for the school teachers. As a result the teachers could understand how to implement the same in their respective schools and villages for the raise of these groups.

**NETWORKING FOR WIDER  
IMPACT**

## NETWORKING FOR WIDER IMPACT

### DEAF CHILDREN WORLDWIDE

#### Parents Training on Deaf Awareness -

Quarterly training program on deaf awareness for parents of deaf children had been a regular activity through out the year at Ganjam district. The motto behind the training was to develop skills and knowledge of parents and equipped them about the method & process of communication & education for the deaf children. To know the communication process with a hearing impaired child a parent child activity was also conducted where a parent was grouped with the child of another parent. The objective of the game was to observe how perfectly the child followed the directions given by the parent. The parents were also being orientated about the causes of deafness and its implications.

### WE CAN CAMPAIGN

WE CAN-A Six year six country campaign in Odisha has completed its 5 year and has a strong alliance of 250 members across the state. Mobilizing change maker to reduce social acceptance of violence against women is the key strategy of the campaign and by this year 2.8 lakhs change makers have already been mobilized.

#### Capacity Building of Connectors -

Through out this year the focus was on the connectors. Strengthening their capacity and sustain & deepen the change initiated by the campaign within a defined roles and responsibility was the activity areas of the campaign. Different training sessions had been conducted at block level and village

level to orient the connectors about their roles and responsibility with the campaign structure. As a result the understanding level on DV of the connectors has increased and as connector they feel encouraged to share the message of VAW and DV with others.

**MOBILE VAN-** In this phase of campaign it was very important to engage the change makers who had joined the campaign since its inception. So to start up the process a mobile van activity was planned to reach out to the old change makers across state and re-engage them and also to spread the

campaign message further by signing up new change makers. All the 30 districts had participated during the mobile van campaign and rigorous effort was made to motivate and mobilize people from different community. With this process the old change makers feel motivated and happy by being remembered and given importance and also changes at the individual level are visible.

### TARGETING EDUCATIONAL INSTITUTES

To develop understanding on DV and to facilitate changes in practice & behavior at the institutional level different programs were conducted for the school teachers in each district. Total 1500 teachers were covered through this school program from Odisha. The training program for the teachers was divided into 2 phases. In 1<sup>st</sup> phase of the training the objective was to make the teachers aware of the various aspects of gender discrimination and DV and its effect on children. and also to motivate teachers to be more sensitive towards the issues and make necessary initiatives in the schools to address this issue. Total 25 schools of each district of Odisha were involved in this process.

During the 2<sup>nd</sup> phase of training, there was a follow up with the progress and challenges the teachers had faced to implement the ideas they had planned in the 1<sup>st</sup> phase. In this phase media was also involved to give extensive coverage of the changes the teachers had incorporated in their schools.

In addition to this a state level orientation program for the District Gender coordinators was organized on issues like gender discrimination, VAW, DV, role of educational institutes in addressing the DV etc. Gender coordinators from all the 30 districts were present in the meeting.

### EVENTS WITHIN NETWORKS

To integrate the campaign issues in the ongoing work of other networks/ngos a state level program was organized on the eve of 100<sup>th</sup> International Women's Day 2010 in collaboration with organizations working on women issues. Total 800 people across Odisha had participated in these 4 days celebration. A workshop on "men, women and masculinity" was organised by WE CAN Odisha where some prominent male journalist, social activists, educationalist, administrative officials, media personality had participated and gave their opinion.

**State Change Makers Assembly at Subarnapur –the 3<sup>rd</sup> of this series- State Change Makers Assembly** the culminating mega event of We Can Odisha organizes each year and Sonepur being the place for the third such event was organize on 26<sup>th</sup> and 27<sup>th</sup> December 2009 by the nodal agency RARE. The change makers from entire 30 district of Odisha had assembled for the

event. On the occasion Dr Jyoti Panigrahi. Hon'ble Chairperson, State Commission for Women, Odisha inaugurated the assembly by lighting the lamp in memory of 50 billion missing women and hosting the flag of We Can Odisha.

Parallel workshops conducted during the assembly are:-

- Declining sex ratio, Dowry prohibition Act, Domestic violence and role of PRIs, Role and responsibility of Connector, Institutionalizing change in educational institution.

Enlightening deliberation by the resource persons with interactions and discussion by the participating change makers / connectors enriches the workshops. Elaborative presentation of all the district partners of a specific nodal created a distinct picture of the campaign in the district giving ample opportunity and scope for learning, analyzing and inspiration for others.

### **CANDLE RALLY**

A beautiful candle Light Rally with heart throbbing slogan and more remarkable excitement and enthusiasm of 300 people marched all the city was really a spectacular show which leave a distinct print in the heart of Sonepur people. The rally covered about 7 Km and each one marching step of the rally created a pound of awareness to end all types of violence against women among the people of Sonepur.

### **NATIONAL CHANGE MAKER'S EVENT**

In the year 2010 the 4<sup>th</sup> National Change Maker Assembly of WE CAN Campaign was held at Lucknow, UP from 6<sup>th</sup> to 8<sup>th</sup> of February 2010. It was a scope for the Change Makers of 13 states to participate in the Mega Programme and from Odisha

24 Persons had participated in the programme. How ever this programme was named as "Goonj Barabari Ka" . It was not only the participation but a good sharing of campaign activities between the states.

### **ANTI- TRAFFICKING CAMPAIGN**

Trafficking is an age old social evil that is operative through well entrenched networks and rackets. A few years back it was assumed to be linked largely with poverty and prostitution. But sustained tracking has shown that it has every shades of illegal activities associated with the forcible migration and transportation of humans. Violence and exploitation are major component of this process. Jajnaseni is a consortium of organizations that is involved in a statewide campaign against trafficking. It carries various awareness building programs, social tracking system and small scale support to returnees for social reintegration.

As an women centric organisation Aaina has always shown its dedication towards the upliftment of the women in distress and this issue is not an exception. As a result it's working extensively in the district of Ganjam to prevent women trafficking and also looking after rehabilitation of trafficked victims. As a result community awareness, CBR, formation of adolescent groups, registration of marriage, legal aid support, livelihood opportunities, liasoning with district stakeholders etc. are some of the ongoing process carried out to address trafficking.

## **PRACHI**

**"PRACHI"**- a Cooperative to Promote the Products made by persons with disability was initiated by W & CD Dept. Govt of Odisha in the year 2008. The idea behind this was to sell the products made by the PWDs of Odisha in order to help them to earn their livelihood and live with dignity.

From the Dept. it was envisaged to promote the marketing of the products and for that Caina has given the responsibility of coordinating this program.

To ensure proper marketing of the products made by PWDs a stall had been allotted with the support of W & CD Dept. & IDCO at Ekamra Haat, Bhubaneswar and was formally inaugurated by the Hon'ble Minister W & CD Dept. on the occasion of World Disability Day on 3<sup>rd</sup> of December 2009.

After opening of the stall different products made by the PWDs across Odisha were marketed and sold with a uniform brand name 'PRACHI' and the PWDs are encouraged to enhance their skill.

## **ADVOCACY & POLICY INFLUENCING**

## ADVOCACY & POLICY INFLUENCING

### ACCESSIBILITY WORKSHOP

Every individual has a right to access without any discrimination and bias.

Access means not only providing the means to access but also maintaining, using and sustaining them. Access not only benefits a person with disability but to all.

According to the National Building Bye Law each and every public buildings should be accessible but unfortunately in practice the percentage is very low in our country/state.

Even if many of the Govt. officials and CBOs are not aware of the accessible features. So Aaina took the initiative to organize a workshop to sensitize the Government officers, engineers, Architects and CBOs on '**Universal Access**'. The main objective of the workshop was to sensitize the Govt. and CBOs on the importance of access features, NBB, responsibility of Govt. to make their buildings accessible and to implement in their respective areas. Officials from 10 districts had participated in the workshop where the access audit took place. The finding of the access audit was shared with the participants and they were informed about the lacunas they have in their own office buildings and work further to implement the building bye law.

## ACCESS AUDIT-

An access audit was conducted by Caina in 10 districts of Odisha to have a knowledge about the percentage of the public buildings that are accessible. The districts are;- *Khurda, Nayagarh, Ganjam, Jajpur, Dhenkanal, Mayurbhanj, Sambalpur, Koraput, Kalahandi, Kandhamal*. In each district four public buildings were audited i.e. *Collector's office, DSWO office, District Headquarter Hospital and DDRC in 6 districts*. The access audit was conducted at the following locations: *Pathways, Main entrance, Doors, Corridors, Resting places, Steps and stairs, Ramps, Handrails, Toilets and Urinals, Water points, Signage and Switches*.

From the report it was found that, most of the public building were not accessible as per the building bye law but where ever the structures were found accessible it was made casually not intended. The report was later shared with the concerned district authority to promote accessibility and make their district offices accessible.

## RTI WORKSHOP

As a citizen of a democratic country like India, every individual has a right to access the benefits/facilities extended by different Govt. and Non Govt. agencies and persons with Disability are not the exception of it. They can also demand their rights if not getting it in a proper way. Right to Information

Act 2005 came as a tool for all those sections of people who are deprived of their rights. To aware the PWDs about the importance and benefits of RTI act, a sensitization workshop

was organized by Olaina on 6<sup>th</sup> of October 2009 for the CBOs/NGOs working for the PWDs. The motto of the workshop was to train the frontline workers of the organizations working for the PWDs on RTI which can later be oriented /used for the cause of persons with disability in their own community. The state information Commissioner Mr. Jagadananda was also present during the workshop and addressed that, RTI is not a complete solution for all the grievances but will definitely show a way to fight the problems.

In continuation to the state level workshop 3 sensitization workshops were conducted in Kamakshyanagar, Dharakote and Bhanjanagar block to generate awareness in community. The purpose of the workshop was to sensitize the PWDs, and community people on RTI and set up a RTI clinic in their own locality headed by a PWD. During the workshop the community people were sensitized on the various features of RTI act, the process of filling under RTI, the time line of getting the information, Ms. Sujata Mohapatra from OSAM was the resource person for the same. At the end of the each training the participants came up as volunteers to take forward the initiative and start up a clinic on their own and sensitize their community about the benefits of the right to information act.

**Formation of State Level Network,**  
**ODPN**- Odisha Disable People's Network  
is a state level network of DPOs, Parent  
Association, PWDs and Organisations  
working for the PWD. The unique feature  
of this network is that, every kind of  
disability issues are addressed here. The

network came into existence during the month of October 2009 after the DPO consultation organized by Aaina . It has a steering committee who is looking after the activities and progress of the network and Aaina is facilitating the process. The network basically works as a pressure group for advocating rights based issues of the PWDs. A quarterly newsletter named "**Nabachetna**" is also being published taking the issues of the PWDs.

**RESEARCH, DEVELOPMENT &  
TRAINING**

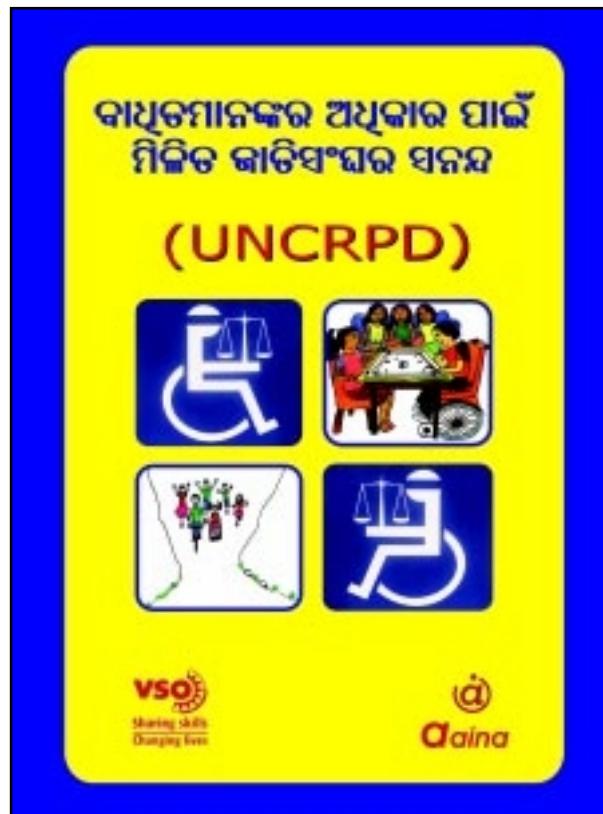

## POSTER-

Two posters focusing on preventing child labour and Gender discrimination are developed targeting the project objective of excluded children. Another two posters are developed for the CBR project at Kamakhya nagar on abilities of PWDs and facilities available for PWDs in light of UNCRPD.

### ORIYA VERSION OF UNCRPD-

For easy access of UNCRPD to the general people, it has been translated to the regional language Oriya and published this year.

**ORIYA VERSION OF UNCRC-** The English version of UNCRC has also been translated to Oriya for easy understanding of the children as well as for the adults in the community.

## OTHER INITIATIVES

**Placement of Volunteer-** VSO is an International organization that extends support to the voluntary organizations by placing professional volunteers in the areas of need. This year Ms. Jennisa B. Gomez, from Philippines joined Daina as a physiotherapist. Her orientation to the parents of the CWD along with the children on physiotherapy was praiseworthy. She not only orientated the staffs, village level workers & resource center teachers on Physiotherapy but also act as a resource person in delivering her service in other NGO's camps.

**Setting Example of Accessible-** With all these audit, sensitization and advocacy on universal access, Daina also took a step forward by making a Panchayat office accessible by constructing ramp to the office entrance as well as to the toilet with the

support of VSO. This noble initiative was taken at Bhanjanagar panchayat office which is the visiting point of whole lot of people in need of accessibility.

**Exposure Visit-** To gather information and broaden the knowledge on network the DPO leaders were taken on an exposure visit to Ashagram Trust Barwani in the State of Madhya Pradesh. They interacted with the community to collect information regarding Network, Functioning of DPOs, operation of Vikalang Manch and community involvement in such process. They also exchanged ideas with Viklanga Munch members about their work area and strategy adopted to ensure their rights.

**Accreditation –** This year is the landmark year for **Caina**, as it has been accredited as a member of Credibility Alliance and also got the provisional certificate from the alliance in its first phase.

## DISASTER RELIEF

**TORNADO AT KENDRAPADA-** In kendrapara District 700 houses in 13 villages under five gram panchayats were damaged due to tornado. The villages which were worst affected had been identified and distributed 10gas light and 100 hand fan in villages of Rajkanika by **Caina**.

**FLOOD AT BHANJANAGAR-** After the flood situation at Bhanjanagr during the month of July 2009 emergency relief was provided to the affected people of baruda, turumu and nua Turumu villages by **Caina** in form of mattresses-20nos, dry food-1000 packets and halozin tablets- 20000.

No remuneration, sitting fee or any other compensation was paid to any board member except for the Secretary and the remuneration is Rs. 25000/- pm

## BRIEF FINANCIAL DETAIL

SANJEEB KUMAR & ASSOCIATES  
Chartered Accountants

### AUDITOR'S REPORT

The  
Secretary,  
AAINA,  
Plot No. N-6/298, Jayadev Vihar,  
Bhubaneswar, Odisha, India.

We have audited the attached Balance Sheet of "AAINA" as at 31<sup>st</sup> March, 2010 and also Income and Expenditure Account and the Receipts and Payments Account, for the year ended annexed thereto.

These financial statements are the responsibility of the entity's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Auditing Standards generally accepted in India. Those standards require that, we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that, our audit provides a reasonable basis for our opinion.

Excepting as expressed in the Notes on Accounts para 1 to 6 attached and forming part of the Balance Sheet, in our opinion and to the best of our information and according to the explanations given to us, the financial statements read with the annexed notes on accounts gives a true and fair view in conformity with the accounting principles generally accepted in India.

(a) In the case of the Balance Sheet of the state of affairs of "AAINA" as at 31<sup>st</sup> March, 2010

And

(b) In the case of Income and Expenditure Account, the excess of Income over Expenditure for the year ended on that date.

CA. Sanjeeb. K. Mohanty,  
Proprietor,  
Membership No-54142  
Bhubaneswar, Written on 29<sup>th</sup> June, 2010.
